

## STRANDED ON 51ST

**Danny Granot**, with Joel & Granot, managed to have a **White Christmas**. He and his family were among the thousands **stranded** in New York during the blizzard over the holidays. Seen here **frolicking** in the mounds of snow on 51st Street in Midtown Manhattan with his daughters **Ava**, **Hannah**, and **Olivia**, Danny had to postpone plans to spend a week in Florida. The Granot family did manage to finally get to the Sunshine State last Wednesday.
